Scarifier Boards

Transform Your Gravel Road Maintenance

Constructed from a single piece of heat-treated steel with built-in tool holders, making it easier to replace and change tooling in the field. Unlike welded-on tool holders that can break away from the board, our integrated design ensures durability and reliability.

PART NUMBER	DESCRIPTION	REC. TOOLING
SC20100	Scarifier System 2000 Board 3' ⅝"–24 Tool Capacity	
SC20105	Scarifier System 2000 Board 4' ⅝"–32 Tool Capacity	MT10105/MT10106
