IMPORTANT!
For torque recommendation, please refer to SAE J1701.
Re-torque hardware after the first 10 plow hours.
Both sides of the moldboard should be free of rust, scale, dirt, etc. prior to installing new blades and hardware to reduce bolt loosening issues while in service.

Blade Section
Cover Plate used to hold two blade sections together
2-1/2" Plow Bolts used with Blade
3-1/2" Plow Bolts used with Cover Plate
PlowGuard CurbRunner™
3-1/2" Plow Bolts used with PlowGuards
